English Readers Theater Contest

I joined the English Readers Theater Contest this year. I have to say I've never joined this type of competition before, like a speech, read aloud, or anything else like this. So, this is my first time doing this, and I was very nervous when I went to the first audition for Readers Theater, because all the teachers were staring at me. I was scared when I was reading, and I got stuck in the middle of my speech while I was reading, I couldn't control my mouth and tongue. I really wanted to jump into a hole and hide myself, but I still finished what I came to say. I didn't realize I made it until I was told. I was very surprised, just like the characters Alice and Daniel in our Readers Theater story.

We started training and practicing for a long time. I really liked Readers Theater, not just because I didn't have to go to class. I truly enjoyed being in Readers Theater, because we had a lot of fun. I still remember a student who kept saying "dancing dorgit" and "lilie", instead of dancing orchids and lillies. We couldn't stop laughing. Even though we may fool around a bit, we still put in a lot of effort into this competition.

After a long time of practicing, we went to the competition. We saw many groups from different schools. They were all very great and cool. I think Mingdao and Donghai did a really good job. Even though we only received honorable mentions, I still think we were already excellent!

Through Readers Theater, I learned the meaning of teamwork, and how to tell a story well, not just read it. I really have to thank the teachers who gave me this chance to join Readers Theater, and thank them for teaching us so diligently. I hope I can join Readers Theater again next year.

STEAM CLASS

國一甲張安宜Anita / 國一乙陳柏佑Jasper

G8/9 Publications 國二甲 吳其臻 Kiki

Steam class is a class where you can learn about computer programming and also have fun. First, our teacher is Tony. He's a nice teacher but with very loud voice. He always shouts at us because of some strange things or when he's upset that day. Tr. Tony usually plays with us. For example, one time Ethan put Tony's fake spiders on Prince's back and it made Prince screamed. Prince also lost his earphones because of that, but Tony laughed with us anyway. However, Tony becomes very serious when we are cleaning and resetting the computer because any small mistakes might let the computer die. Also, Tony lets us name our computers. I named my computer Joker because it's my idol's name.

We also learn about "Python" and "Bandit". Python is a programming software that we need to type in different codes and then run our codes. It's quite easy because we only need to type in the codes that are printed on the worksheet that Tony gave us and we are done. Bandit is a big challenge for me because I need to search on the website for many codes, such as ls, cat, cd, nano, ssh -p, mkdir, grep, and so on. As you can see, there are lots of codes, and some of them on the website are wrong, so we take a lot of time to figure out the correct codes.

Tony always says that he's hungry and wants us to leave quickly. He plays the music "Happy House", and then we leave soon. Why? Happy House is a song that is very loud and noisy, it makes us uncomfortable. Steam class is a class that's hard and full of challenges but fun at the same time.

STEAM is a brand new way to learn Science, Technology, Engineering, Arts and Mathematics that lets us learn how to talk about, come up with new ideas, and solve difficult problems. This helps us learn how to take risks, experiment with new ways in learning, and continue even when it seems too difficult to find a solution to a problem. The projects we do in class also help us learn how to work better together and come up with creative ideas that we could never come up with on our own.

In STEAM class we are each doing different kinds of programming subjects. For example, some people are working on 3D printers, pythons, bandit over the whire, Alexa, home security, weather, and many other projects.

Home security is used to keep your home safe and sound for your family. We are using Nest security products, including, the alarm system, cameras, connected lock and video doorbell. They are all designed to work together. So you can know what's happening right from one place.

Alexa is a hand-free speaker and devices that can be controlled by your voice. Alexa can perform various tasks for you and control variety of other connected systems.

Python is a web development platform that we can use to learn data science, machine learning, scripting languages, data analysis, and data visualization. These will all be very useful skills for our future.

I think STEAM class is very fun. We can learn many new things that we haven't learned in other class. It can make our future easier by learning things that other people our same age don't get the chance to know.

My Day on Halloween

G8/9 Publications
國二乙 陳香凝 Misha

October 26th is our school's Halloween event. I did a lot of exciting things on this day. Few days ago, I was informed that I needed to pair up with an ESL teacher to dress up for our Halloween event at school, and then go on stage for a catwalk. I was shocked when I heard the news. I can't even sleep at night! On the day of the event, I rechecked everything I needed to bring before walking to the bus stop. I was super excited because I can enjoy dressing up in different costumes.

After nap time, I quickly ran to the ESL office to get my make-up done. Teacher Mia and Teacher Angel helped me with my make-up and it was amazing. I really liked it because it fit perfectly with my costume. Before going on stage, I was shaking because I had to go on stage in front of hundreds of people. However, one of my friends saw me being so nervous, she held my hands and told me not to worry and she would always be there for me. It really touched my heart. The catwalk was a huge success and everyone did a great job!liked him after that day. And WA-YO took over the city and become the mayor. Everyone was now afraid to litter thanks to WA-YO 2.0

My Favorite Class

G8/9 Publications 國三丙 徐依翎 Jenny

French class is my favorite class in school because we could learn a second language in this interesting class with a cute teacher. Her name is Iris, and she has long pink and black hair. It looks very temperament and suits her. Her voice sounds comfortable especially when she speaks French but also cute when she speaks Chinese.

We do lots of activities and use apps to help us learn French in this class. We use a new music app named Lyric Training, it could help us memorize more vocabulary words in French. This app will play music and it will stop, and then you need to type the answers in the box. However, if you type the words very fast, it will keep going and won't stop. That is why I think Lyric Training is a very helpful app for us to learn a new language! Another app we use in the French class is Kahoot! It's a super exciting game to play. We could get high scores if we answer questions correctly. When the game starts, it will play upbeat music at the same time. It's a fun app.

Our cute French teacher also works hard to make some study folders on an app called Quizlet. When we touch the word cards, it will say the word that we are touching. In this way, we could practice French by ourselves at home. We love French so much because we can learn a language with games. French is my favorite class because we practice a lot with study folders and fun games. It's the best way to learn a new language.

校長的話

貴族精神—2018年12月19日朝會與師生談話

各位老師、同學大家早！

昨天和前天二日，全體國一、國二同學到日月潭參加「隔宿露營活動」，活動結束後，許多家長反應非常良好，表示孩子在這次露營探索活動中，學習到很多，孩子長大了，謝謝學校舉辦這樣有意義的活動。

星期一晚上，校長和家長會翁芸芸會長、黃思卿副會長到營地去探望你們，看到你們同心協力，一起搭帳篷、野炊、炒飯菜、煮湯，一起用餐，共享成果；也參與你們的晚會，看到你們一起歡呼，一起唱歌跳舞；手牽手，一起合作，一起成長，你們是那麼青春洋溢，那麼有禮貌，那麼團結，你們的表現實在太棒了！我為你們感到無比的感動與驕傲！

有的家長對我說，學校的課程規劃得很好，ESL英文、第二外語、iPad教學，都是我們的特色，葳格是別人心目中的「貴族學校」，希望學校在生活上同樣給同學們良好的人格教育。

我提出「貴族精神」來和大家一起努力，希望大家從生活中做起：

● 高雅一守秩序，有氣質。
● 守規矩，專心上課，談吐優雅，做個有氣質的葳格人。
● 慈悲一幫助別人。
● 心胸開闊，關心別人，幫助弱勢，樂於助人。
● 勇敢一為自己負責。
● 有創意，負責任，做什麼像什麼，努力做好本份。

父母親送各位到葳格來，是希望你們受到良好的教育，各位應該感恩父母的苦心，好好學習。今天除了肯定參與隔宿露營的國一、國二同學外，並以「貴族精神一高雅、慈悲、勇敢」和大家共勉，讓我們成為人人稱讚的葳格人。

謝謝各位老師！謝謝各位同學！

直升班特色課程-集集行

城市探索教學心得

觀光科 張芳綺老師

　　這學期很幸運能接到國中部的課，第一次上國中的課，很擔心上課的講述方式，學生無法理解。還好，國三丙的同學都能配合我上課的節奏，讓課程進行的很順利。

　　這次的課程從9/17開始進行到11/13，總共大約8堂課的時間；期間課程的設計聚焦在三個部份。一是規劃及撰寫行程表、二是行程交通、食宿及娛樂活動的安排與三是各項細項的價格預估。利用約5堂課的時間讓學生們了解遊程設計的概念，接著讓學生在課堂上分組討論做行程設計，最後實地走訪，並檢討行程規劃不周的因素。

　　11/13(二)是學生們實地走訪的日子，學生們分為三大組：美食組、人文組及外語組，大家都有各自的旅行目標，依照自己的組別，規劃屬於自己興趣的行程。美食組的同學以集集當地美食為主軸，依照行程安排，吃遍大街小巷；人文組的同學以集集的歷史古蹟為主，走訪紀念公園及文物館等；外語組的同學是將有行程中的每一個景點，查詢英文或日文的資料，透過這次的實地走訪，了解集集的文化，並用英、日文講述出來。

　　看著國中的學生們，對遊程規劃從無到有，雖然課程時數不多，也能完成一日的集集與車埕的旅行，真的覺得學生們對課程的投入，是學習最有力的來源，相信這次的課程及走訪，能讓學生們有更深入的學習成果及體會。
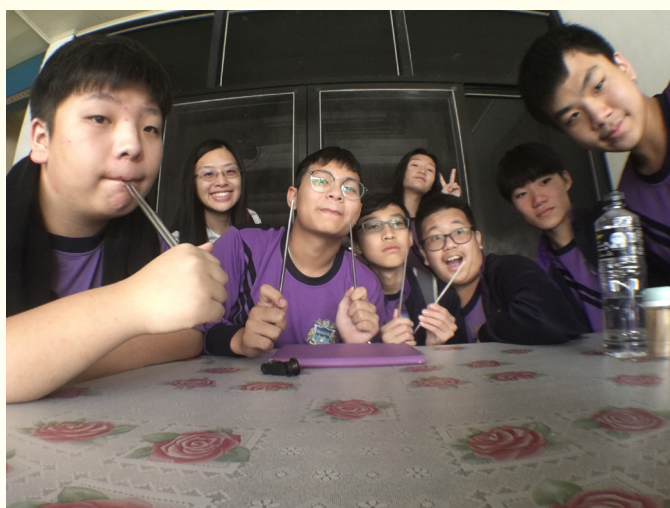

城市探索課程─集集行

國三丙　梁貿竑

　　集集是位於南投的一個著名的觀光景點，因位於山線，故空氣特別鮮美。這次的行程就如沙漠中的綠洲，在會考壓力下，學校也仍不忘訓練我們的活動策劃力，安排了一場集集自由行。

　　這次的活動我們分成四組，分別是人文組、外語組、攝影組，以及我所屬的美食組。美食組顧名思義就是吃遍當地老店美食。在行前，我們查遍了所有部落格，利用Google Map進行了無數

遍的沙盤推演，每個組員負責著自己的工作，查詢店家、規劃路線、安排火車時間等，經過了一個月的分工合作，一份完美的自由行程終於誕生。

　　活動當天，坐了一個多小時的校車，我們終於到了我們期待已久的集集。一下車，一陣清新自然的風從我臉龐拂過，感覺一切煩惱都被那一陣風給帶到天際邊，所有的疲憊彷彿也淨化在大自然的芬多精中，神清氣爽的我們，開始踏上「吃貨」的路上。一出車站，刻著「集集古街」的石碑，帶領我們進入老街中……但開店的店家卻屈指可數，問過一旁的當地人，才得知原來集集周二晚上固定有夜市，所以很多店家白天都選擇休攤，晚上再出來擺攤。那位先生還熱情的帶我們到附近60年的老麵店，一到店哩，雖然沒有特

別裝潢，但他們端出的麵是貨真價實的古早味。

　　急急忙忙的買了車票，坐到了車埕。區間車搖搖晃晃，短短17分鐘裡風景如畫，心情如雲。不知不覺到了終點站。在車埕，我們品嘗了最有名的木桶飯，淡淡的木頭香，配著美味的便當，坐在安靜的山林老街中，這也許就是最大的享受了吧！隨著時間的流逝，夕陽西下，我們的集集行也告一個段落了。

　　透過這趟旅程，讓我了解到行程的安排並不簡單。排行程是需要大家分工合作，共同努力才能完成。即使有了完美的行程規劃，到了當地也會遇到超出規劃、預算的情形發生。所以我們必須擁有隨機應變的能力。最後非常感謝學校老師安排了這項課程，真的讓我們受益良多。

特色課程心得

國一乙 吳美儀

我最喜歡探索課程了，每個禮拜都可以上不同各式各樣的課程，有烘焙，家政，趣味科學，童軍，科博館活動和講座，烘焙可以做很多好吃的點心，家政可以做一些小東西和平常的需用品，童軍可以培養我們的獨立也可以出去露營，趣味科學可以使用平常的用品來製作一個成品出來，科博館可以去探索各個星球與世界，講座可以聽各種作家或老師的演講。綜合以上的課程，讓我學校很多，不會只要單純的上課，也讓上課的模式更加快樂。

數學資優課

國一甲 葉宣亨

星期二下午，是大家的快樂時光，而我的星期二下午，是讓我絞腦汁的時光。這個快樂的時光，就是幾張紙和幾隻筆的世界，我絞盡腦汁的寫題目、學習新觀念。上了幾次課後，我發現，原來數學不一定要死背，只要懂觀念，就能隨心所欲，完全把它掌握在手中，就如同關羽手拿青龍偃月刀一樣，大殺四方。不管是什麼難題，都難不倒我！

高爾夫球課

國一甲 陳芸安

我認為高爾夫球課是最輕鬆，最好玩的課程了。這是我第一次上高爾夫球課，也是我第一次打高爾夫球。一開始，我連高爾夫球杆怎麼拿都不會，但是在老師細心的指導下，現在的我終於可以達到一百碼了，那時的我就像是拿到了我最喜歡的明星簽名照一樣，開心的不得了。我相信以後我的高爾夫球一定可以在打得更遠、更高、更好。

趣味科學課

國一甲 徐孝丞

學校有非常多不一樣的課程，其中我最喜歡的是趣味科學課。因為老師給我們做了許多好玩的東西，比如他教我們如何做投石器和飛機，而且在課程當中還會教我們一些實作的小技巧，像是製作飛機的機翼，在前端可以先用美工刀輕輕的劃一刀，然後再開始折，就會飛得又遠又好看。希望未來的科學課，我還能夠做出更多有趣的東西。

素描課

國一乙 張家瑜

我最喜歡上禮拜一才藝課的繪畫，因為我很喜歡素描，畫畫不但能讓我放鬆心情，還能紓解壓力。我剛進去時，我原本畫得圖畫真的很差，但經過老師的教導、幫助，讓我慢慢有了好轉，現在已經比之前好很多了。我現在每天最期待的不是禮拜二的探索課程，而是禮拜一的繪畫課程。

跆拳道

國一乙 陳彥叡

我上了半學期的跆拳道，我覺得這一個課程很有趣，因為心情不好時可以發洩，也可以訓練你的體能、耐力與儀態，雖然老師看起來很兇，但是我們沒有怎樣她人都很好，我還記得我當時有一個動作都練不好，老師當時也是很有耐心的指導我，你們大家不要看那個老師人小小隻的，你讓她不開心時，你就死定了，因為她可能會把你過肩摔，我只能說老師人很好，她根本就是女強人啊！

劍道課

國一乙 林佑旂

在一個熱氣流動，悶熱的教室中，我們踩在有些灰塵的地板上，揮動著手上的木劍。我，是劍道社的成員之一。

那是個如此晴朗的日子。我們帶著期待的心情走入了那間小小的道館。打開門，一股熱氣就飄了出來，我們猶如遇到熱的水蒸氣一般，頭上突然就凝結了許多小水滴。我們踏入道館，雖然外表看起來極為渺小，但裡面卻非常寬闊，而一位穿著黑色道服的男人走了出來。那身穿黑色道服的男人竟是我們的劍道老師，我們滿臉期待地看著他，彷彿他身上帶著什麼禮物一般，但更多的，是敬佩的眼神。

我們個個汗流浹背，個個喘息著。天已稍稍暗去，今天的課程也到這此告一個段落。在校車上，我絞盡腦汁的想著今天上課發生一切，它們總是來的太快，害我總是來不及思考，但我的內心已經從緊張轉為安心，更從厭惡到了喜愛。

烘焙課

國一甲 葉柏辰

我最感興趣的課程是烘焙課，因為在烘焙課的時候老師會示範怎麼做一些點心，在我上第一次的烘焙課的時候，我們做的是果凍，在做果凍的過程中會有一點危險，而且我覺得我們做這些東西可以培養團隊精神，如果有同學的幫忙東西做好的速度就會比較快，做好的話還要幫忙清理教室，幫忙老師清理好教室才可以讓那些要再去那間教室上課的人有乾淨的空間可以做東西。
